

List of trusted Certificate Authorities

For the purpose of accessing the auction tool and executing business by means of it, JAO accepts an **advanced** or **qualified certificate for electronic signature** issued by:

1. **Any (qualified) trust service provider** following the requirements laid down in eIDAS and that is **included in the Trusted List Browser** provided by the European Commission. The list of trusted service providers can be browsed in a user-friendly way using the [Trusted List Browser](#).

or

2. Any of the following certificate authorities that have been approved by JAO S.A.:
 - Sectigo
 - Digicert
