If the maximum payment obligation connected with such registered Bids exceed the Credit Limit, the Allocation Platform shall issue automatically via the Auction Tool a warning to the Registered Participant to modify the Credit Limit. 2. At closure of the Bidding Period the Allocation Platform shall check again whether the maximum payment obligations connected with registered Bids calculated according to paragraph 5 of this Article exceed the Credit Limit. If the maximum payment obligations connected with these Bids exceed the Credit Limit, these Bids, starting with the Bid with the lowest Bid Price, shall be one (1) by one (1) excluded, until the maximum payment obligations are less than or equal to the Credit Limit. The Allocation Platform may apply additional criteria or rules to decide which Bid shall be rejected. Such additional criteria or rules shall be included in the Information System Rules and shall be one or more from the following:
 - a. chronological submission (time stamp); and/or
 - b. Bid identification assigned by the Auction Tool; and/or
 - c. rejection of all relevant Bids with the same Bid Price.

In case of Bids connected with various and overlapping Auctions the Allocation Platform shall consider all calculated maximum payment obligations as outstanding payment obligations according to Article 23.
5. For the calculation of the maximum payment obligations related to each Oriented Bidding Zone Border the Allocation Platform shall sort the registered Bids of a Registered Participant by Bid Price in descending order (merit-order). Bid 1 shall be the Bid with the highest Bid Price and Bid n shall be the Bid with the lowest Bid Price. The Allocation Platform shall calculate the maximum payment obligations according to the following equation:
6. When calculating the maximum payment obligations according to paragraph 5 of this Article, the Allocation Platform shall also take the following into account:

The Allocation Platform shall publish additional explanatory information on the optimisation function of the algorithm on its website.
4. The Allocation Platform shall determine the Marginal Price at each Oriented Bidding Zone Border based on the following criteria:
 - a. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted is lower than or equal to the relevant Offered Capacity for the relevant Auction, then the Marginal Price shall be zero;
 - b. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted exceeds the relevant Offered Capacity for the relevant Auction, the Marginal Price shall be set at the lowest Bid(s) Price(s) allocated in full or in part using the respective Offered Capacities.
5. If two (2) or more Registered Participants have submitted for one Oriented Bidding Zone Border valid Bids with the same Bid Price, that cannot be accepted in full for the total requested quantity of Long-Term Transmission Rights, the Allocation Platform shall

determine the winning Bids and the quantity of the allocated Long-Term Transmission Rights per Registered Participant as follows:

- a. the Cross Zonal Capacity available for the Bids which set the Marginal Price shall be divided equally between the number of the Registered Participants which submitted these Bids;
 - b. in case the quantity of Long-Term Transmission Rights requested by a Registered Participant at Marginal Price is lower than or equal to the share calculated according to item (a) above, the request of this Registered Participant shall be fully satisfied;
 - c. in case the requested quantity of Long-Term Transmission Rights by a Registered Participant at Marginal Price exceeds the share calculated according to item (a) above, the request of this Registered Participant shall be satisfied up to the amount of the share as calculated according to item (a) above;
 - d. any remaining Cross Zonal Capacity after the allocation according to items (b) and (c) shall be divided by the number of the Registered Participants whose requests have not been fully satisfied and allocated to them applying the process described in items (a), (b) and (c) above.
6. Where a Reduction Period is indicated in the Auction Specification for an Auction, the Allocation Platform shall determine the Auction Results in accordance with the provisions of paragraphs 3 to 5 of this Article, modified as follows:
 - a. winning Bids and Marginal Prices for respective Oriented Bidding Zone Border are determined according to paragraphs 3 to 5 of this Article;
 - b. for each Reduction Period the quantity of Long-Term Transmission Rights to be allocated to individual Registered Participants shall be calculated on a pro-rata basis taking into account the quantity of Long-Term Transmission Rights corresponding to the respective winning Bids of each Registered Participant and the respective reduced Offered Capacities. The Allocation Platform shall publish on its website clarifications and examples concerning the calculation of the quantity of Long-Term Transmission Rights to be allocated to individual Registered Participants in the Reduction Period.
7. Whenever the calculation set forth in paragraphs 3 to 6 of this Article does not result in a whole MW amount in accordance with Article 31 paragraph 1(f), the Long-Term Transmission Rights shall be rounded down to the nearest full MW. The case when Long-Term Transmission Rights allocated to individual Registered Participants are equal to zero after rounding shall not impact the Marginal Price determination.
8. The Long-Term Transmission Rights are deemed to have been allocated to a Registered Participant from the moment the Registered Participant has been informed of the Results and the Contestation Period is closed in accordance with Article 37. In the event that the Auction was not successfully performed, the fallback procedures as set forth in CHAPTER 8 shall apply.

5. The Allocation Platform shall publish on its website, without undue delay, the reasons for

the Auction cancellation.

Article 53

Fallback procedure for return of Long-Term Transmission Rights

CHAPTER 9

Curtailment

Article 56

Triggering events and consequences of curtailment on Long-Term Transmission Rights

1. Long-Term Transmission Rights irrespectively of the Product Period may be curtailed in the event of Force Majeure, or to ensure operation remains within operational security limits before the Firmness Deadlines specified in Article 58.
2. Curtailment may be applied on allocated Long-Term Transmission Rights including, where the case may be, on nominated Physical Transmission Rights.
3. Long-Term Transmission Rights may be curtailed after the Firmness Deadline in the case of Force Majeure. For the avoidance of doubt, Long-Term Transmission Rights when curtailed after the Firmness Deadline shall be curtailed in the same way as day-ahead and intraday capacity and compensated in accordance with these Long-Term Allocation Rules.
4. Each Registered Participant affected by curtailment shall lose its right to transfer, return or nominate for physical use the concerned Physical Transmission Rights or to receive remuneration based on the Use It Or Sell It principle.
5. In case of curtailment, the affected Registered Participant is entitled to receive reimbursement or compensation according to Article 59 to Article 60 and where applicable Article 61.

Article 57

Process and notification of curtailment

1. In all cases curtailment shall be carried out by the Allocation Platform based on a request by one or more TSO(s) at the Oriented Bidding Zone Border where Long-Term Transmission Rights have been allocated.
2. The Allocation Platform shall notify the affected holders of Long-Term Transmission Rights as soon as possible of a curtailment of Long-Term Transmission Rights including the triggering event via electronic means as specified by the Allocation Platform on its website and on the webpage of the Allocation Platform. The notification shall identify the affected Long-Term Transmission Rights, the affected volume in MW per hour for each concerned period, the triggering events for curtailment as described in Article 56 and the amount of Long-Term Transmission Rights that remain after the curtailment.
3. The description of the triggering event shall include information on exact operational security limit(s) that are expected to be violated in the absence of curtailment, the TSO(s) invoking the curtailment, and why alternative measures are not sufficient to avoid the expected violation of operational security limit(s). If this information is not available at the same time as the curtailment information concerning the affected Long Term Transmission Rights and the affected volume in MW per hour for each concerned period, TSOs shall

submit a first notification with the available information and update the curtailment information including required detail concerning the triggering event within 24 hours after the initial notification.

4. The Allocation Platform shall publish the triggering events for curtailment in accordance with Article 56 including their estimated duration on its website as soon as possible.
5. The curtailment shall be applied to Long-Term Transmission Rights of the concerned periods on a pro rata basis, which means in proportion to the held Long-Term Transmission Rights, regardless of the time of allocation.
6. In the event of curtailments of Physical Transmission Rights after the nomination deadline, and as long as the capacity has not been reallocated in the day-ahead allocation, the curtailment shall be applied on a pro rata basis to both nominated and non-nominated Physical Transmission Rights.
7. Compensation rules according to Article 59 or Article 60 also apply if offered day-ahead Cross Zonal Capacities are lower than the amount of non-nominated Long-Term Transmission Rights in case of Physical Transmission Rights.
8. For each affected Registered Participant, remaining Long-Term Transmission Rights which have not been curtailed shall be rounded down to the nearest MW. The same rounding applies for the curtailment of both nominated and non-nominated Physical Transmission Rights according to paragraph 4 of this Article.
9. In cases of curtailment, any transfer of Long-Term Transmission Rights to be curtailed, which is not yet accepted by the transferee, shall be automatically cancelled and the transferor shall remain the holder of the Long-Term Transmission Rights. If the transfer has already been notified to the Allocation Platform and accepted by the transferee, the compensation or reimbursement for curtailed Long-Term Transmission Rights shall be paid to the transferee.
10. The Allocation Platform shall cancel all notifications for return of Long-Term Transmission Rights that have been accepted for a subsequent Long-Term Auction for which curtailment is necessary and for which the final Auction Specifications have not yet been published. By this cancellation, the Long-Term Transmission Rights are given back to the Long-Term Transmission Right holders that have requested the return. If the final Auction Specification has already been published the return shall not be cancelled and the compensation or reimbursement for curtailed Long-Term Transmission Rights shall be paid to the holder who returned the Long-Term Transmission Rights.

Article 58

Firmness deadline

The Allocation Platform shall publish on its website and take into account for the calculation of compensation for curtailed Long-Term Transmission Rights the Firmness Deadlines of 09:00 a.m. on the 1st day preceding the delivery day.

Article 59

Compensation for curtailments to ensure operation remains within operational security limits before the Firmness Deadline

1. In cases of curtailment to ensure operation remains within operational security limits before the Firmness Deadline the compensation for each affected hour and Registered Participant shall be calculated as the Long-Term Transmission Rights in MWh corresponding to the difference between the allocated Long-Term Transmission Rights held by the Registered Participant before and after the curtailment multiplied by the Loss Adjusted Day Ahead Market Spread (LADAMS) (in EUR/MWh) per Oriented Bidding Zone Border. If the lowest granularity of the Day Ahead Explicit Auction MTU is less than one (1) hour, the LADAMS price per Oriented Bidding Zone Border used for the calculation shall be determined as the average of LADAMS prices, in accordance with subparagraph (a), from all MTUs corresponding to the relevant hour, taking into account negative LADAMS prices per MTU per Oriented Bidding Zone Border as zero (0) EUR/MWh.

The LADAMS is calculated as follows:

a. Where positive, the market spread between the GB and Belgian bidding zones for the relevant MTU(s) shall be adjusted to reflect DC losses on the Interconnector such that:

If $GBDAMP > BEDAMP$, LADAMS for the BE to GB direction = $(1-LF/2) * GBDAMP - (1+LF/2) * BEDAMP$

If $BEDAMP > GBDAMP$, LADAMS for the GB to BE direction = $(1-LF/2) * BEDAMP - (1+LF/2) * GBDAMP$

For the avoidance of doubt, no remuneration will be due where the LADAMS is negative or zero.

LADAMS is the Loss Adjusted Day Ahead Market Spread meaning 100% of the difference of power exchange prices on the British and Belgian day ahead markets less an adjustment to take into account direct current losses on the interconnector;

BEDAMP is the Belgian Day Ahead Market Price for the same MTU as the Day Ahead Explicit Auction resulting from the single day ahead coupling or, in the event that the single day ahead coupling process is unable to produce results for the Belgian Bidding Zone, the day ahead reference price applicable in the Belgian Bidding Zone pursuant to the Belgian Multi-NEMO Agreement (MNA); and:

- If the lowest granularity of the Belgian Day Ahead Market MTU is smaller than the Day Ahead Explicit Auction MTU, the BEDAMP is the average price of the relevant MTUs contained within the MTU of the Day Ahead Explicit auction.

GBDAMP is the GB Day Ahead Market Price and is calculated using volume weighted day ahead data received from the EPEX SPOT and N2EX power market exchanges and published by EMR Settlement Limited as the Intermittent Market Reference Price (IMRP). In the event a single GB Day Ahead price is published in GB, this will replace IMRP as the GBDAMP reference price.

- If the lowest granularity of the IMRP MTU is smaller than the Day-Ahead Explicit Auction MTU, the GBDAMP will be the average price of the relevant MTUs contained within the MTU of the Day Ahead Explicit auction.

LF is the Loss Factor as published on the Nemo Link website.

b. If the day-ahead price is not calculated in at least one of the two relevant bidding zones, the price shall be the Marginal Price of the initial auction(s) at which transmission rights were allocated for the concerned hour.

2. The compensation payable in respect of Long-Term Transmission Rights shall be subject to monthly caps. The cap shall be determined as the total amount of Congestion Income collected in the relevant month, deducting all remunerations and compensations paid for the considered month in all timeframes. The total amount of Congestion Income in one month is defined as the sum of a twelfth of the revenues raised at yearly Auction, and a sixth of the revenues raised at seasonal auction, a third of the revenues raised at quarterly auction, and the revenues generated by the monthly Auction and congestion income from other timeframes which occurred during this month.

The cap is calculated according to the formula:

$$\begin{aligned}
 &\text{Cap for compensation for network security} \\
 &= \left(\frac{\text{Yearly income}}{12} + \frac{\text{Seasonal income}}{6} + \frac{\text{Quarterly income}}{3} \right. \\
 &\quad \left. + \text{Any other long term income} + \text{Daily income} + \text{Intraday income} \right) \\
 &\quad - (\text{UIOSI} + \text{Remuneration of FTRs} + \text{Return of LTTRs} \\
 &\quad + \text{Compensation for curtailment for emergency situation} \\
 &\quad + \text{Compensation for curtailment for force majeure})
 \end{aligned}$$

Article 60

Reimbursement for curtailments due to Force Majeure

1. In the case of Force Majeure, holders of curtailed Long-Term Transmission Rights shall be entitled to receive a reimbursement equal to the price of the Long-Term Transmission Rights set during the Long-Term Transmission Rights Allocation Process, which for each affected hour and Registered Participant shall be calculated as:
 - a. the Marginal Price of the initial Auction in EUR/MWh multiplied by
 - b. the amount in MWh corresponding to the difference between the Long-Term Transmission Rights held by the Registered Participant before and after the curtailment.
2. The compensation payable in respect of Long-Term Transmission Rights shall be subject to monthly caps. The cap shall be determined as the total amount of Congestion Income collected in the relevant month, deducting all remunerations and compensations paid for the considered month. The total amount of Congestion Income in one month is defined as the sum of a twelfth of the revenues raised at yearly Auction, a sixth of the revenues raised

at seasonal auction, and a third of the revenues raised at quarterly auction, and the revenues generated by the monthly auction and congestion income from other timeframes which occurred during this month.

Article 61

2. The amount due plus any applicable taxes and levies, duties or other charges subject to Article 64, shall be rounded to two decimal places.
3. The Allocation Platform shall calculate the due payments in monthly instalments when the Cross Zonal Capacity product has a duration of more than a month.

Monthly instalments shall be equal for each month and determined by dividing the amount due as set forth in paragraph 1 of this Article by the duration of the Cross Zonal Capacity products expressed in months and rounded to two decimal places. The last instalment shall in addition include the balance due to the rounding down applied in the other monthly instalments.
5. If the first payment date of the Cross Zonal Capacity product with a duration of more than one (1) month occurs after the start of the Product Period, then the first payment shall include two (2) monthly instalments.

Article 64

Tax Gross-up

1. Each Registered Participant must settle all payments with respect to the Allocation Rules without any tax deduction, unless a tax deduction is required by law.
2. If a tax deduction is required by law to be made by a Registered Participant, the amount of the payment due from the Registered Participant to the Allocation Platform will be increased to an amount which (after making the tax deduction) leaves an amount equal to the payment which would have been due if no tax deduction had been required.
3. Paragraph 2 of this Article does not apply with respect to any tax assessed on the Allocation Platform on any payment received in connection with the Allocation Rules under the laws of the jurisdiction in which the Allocation Platform is incorporated or, if different, the jurisdiction (or jurisdictions) in which the Allocation Platform is treated as resident for tax purposes or has or is deemed for tax purposes to have a permanent establishment or a fixed place of business to which any payment under the Allocation Rules is attributable. 5. A Registered Participant shall indemnify and keep indemnified the Allocation Platform and its officers, employees and agents from and against any and all loss or liability (including legal costs) related to a direct damage that it has caused, which any of them may suffer or incur by reason of any claim by any third party on account of any and all direct loss suffered by the claimant or any of the claimant's officers, agents, subcontractors or employees in connection with these Allocation Rules. 9. The Registered Participant shall be liable with respect to any sanctions, penalties, or charges that may be imposed by financial authorities on the Allocation Platform for incorrect tax treatment due to wrong or incomplete information provided by the Registered Participant.
10. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 70

Dispute resolution

1. Without prejudice to paragraphs 6 and 8 of this Article, where there is a dispute the Allocation Platform and the Registered Participant shall first seek amicable settlement through mutual consultation pursuant to paragraph 2. For this purpose, the Party raising the

dispute shall send a notification to the other party indicating:

- a. the existence of a Participation Agreement between the Parties;
 - b. the reason for the dispute; and
 - c. a proposal for a future meeting, physical or not, with a view to settle the dispute amicably.
2. The Parties shall meet within twenty (20) Working Days after the matter has been referred to them and seek to resolve the dispute. If no agreement is reached or no response received within a period of thirty (30) Working Days from the date of the aforementioned notification, either Party may refer the matter to the senior management of the Parties to resolve the dispute pursuant to paragraph 3.
3. The senior representative of each of the Allocation Platform and the Registered Participant with authority to resolve the dispute shall meet within twenty (20) Working Days of a request to meet and seek to resolve the dispute. If the representatives are unable to resolve the dispute within twenty (20) Working Days of the meeting or such longer time as may be agreed then the dispute shall be determined by arbitration in accordance with paragraph 4.
4. Where a dispute is to be referred to arbitration under paragraph 3, either the Allocation Platform or the Registered Participant may give notice to the other stating the nature of the dispute and referring the dispute to arbitration. Arbitration shall be conducted in accordance with the Rules of Arbitration of the Chamber of Commerce (ICC). The arbitration shall be conducted before one (1) arbitrator to be nominated upon agreement of the Parties unless a Party requests the appointment of three (3) arbitrators. In case of one (1) arbitrator, the Parties shall agree on the nomination of the arbitrator within two (2) months after the notice was given by the Party referring the dispute to arbitration. If no agreement can be found, the arbitrator shall be appointed by the ICC Court. In case of three (3) arbitrators the claimant shall nominate one (1) arbitrator and the respondent shall nominate one (1) arbitrator. The arbitrators nominated by each Party shall then nominate the chairman of the arbitral tribunal within three (3) Working Days from the confirmation of the appointment of the second arbitrator by the respondent. If the arbitrators nominated by each Party cannot agree on the appointment of the chairman, the chairman shall be appointed by the ICC Court. The arbitration shall take place in the location of the Allocation Platform unless otherwise defined in the Participation Agreement and in accordance with the governing law of these Allocation Rules while the language of the arbitration proceedings shall be English. The emergency arbitrator provisions according to the Rules of Arbitration of the Chamber of Commerce shall not apply but the interim or injunctive relief measures under the governing law shall apply.
5. Arbitration awards shall be final and binding on the Allocation Platform and the relevant Registered Participant as from the date that they are made. The Allocation Platform and the Registered Participant shall carry out any award of an arbitration relating to any dispute without delay and each waive their right to any form of appeal or recourse to a court of law or other judicial authority, in so far as such waiver may validly be made.

6. Notwithstanding paragraphs 3 and 4 of this Article, the Parties may jointly agree to apply court proceedings instead of arbitration to settle a dispute arising in connection with these Allocation Rules.
7. In cases of late payment and notwithstanding Article 67 and paragraphs 1 to 4 of this Article, a Party may bring court proceedings against the other Party for any amount due under or in connection with these Allocation Rules and unpaid for more than twenty (20) Working Days after the date the amounts were due.
8. The Parties agree that proceedings referred to in paragraph 6 or paragraph 7 may be brought in any competent court to hear such claim. The Registered Participant irrevocably waives any objection which it may have now or hereafter regarding the venue of such proceedings in any competent court and any claim that any such proceedings have been brought in an inconvenient forum.
9. Notwithstanding any reference to amicable settlement, expert resolution or arbitration under this Article, the Allocation Platform and the Registered Participant shall continue to perform their respective obligations under these Allocation Rules and the Registered Participant's Participation Agreement.
10. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 71

Suspension of the Participation Agreement

1. The Allocation Platform may by notice to the Registered Participant suspend temporarily the Registered Participant's rights in connection with these Allocation Rules with immediate effect if the Registered Participant commits a major breach of an obligation in connection with these Allocation Rules which may have a significant impact to the Allocation Platform as follows:
 - a. if a Registered Participant fails to pay any amount properly due and owing to the Allocation Platform pursuant to Article 67;
 - b. if a Registered Participant fails to provide and maintain collaterals in accordance with Article 25;
 - c. any breach which may have a significant financial impact to the Allocation Platform;
 - d. the Allocation Platform has reasonable grounds to believe that the Registered Participant no longer satisfies one or more of any other conditions to participate in Auctions according to these Allocation Rules unless termination applies according to Article 72;
 - e. if the Registered Participant does not meet the legal requirements imposed by Article 9(1) of Regulation (EU) 1227/2011;
 - f. if the Registered Participant is an affiliate of a company suspended under these Allocation Rules; and

- g. if the Registered Participant is under economic, financial and/or trade sanctions which may have a significant impact to the Allocation Platform.
- 2. In any case of a minor breach in relation to these Allocation Rules such as but not limited to the failure of the Registered Participant to notify a change in the submitted information in accordance with Article 9, the Allocation Platform may by notice to the Registered Participant inform the Registered Participant's that its rights in connection with these Allocation Rules may be suspended unless the Registered Participant remedies the suspension event in the time period specified in the notice. The suspension shall take effect when the period specified for remedy has elapsed without that such remedy has taken place.
- 3. After the suspension takes effect in accordance with paragraphs 1 and 2 of this Article, the following applies:
 - a. in cases of suspension in accordance with Article 71 paragraph (1) (a) to (f) the suspended Registered Participant may no longer participate in an Auction or in the transfer or return of Long-Term Transmission Rights and unless the payment of the Long-Term Transmission Right is fully settled or fully secured by collaterals by the suspended Registered Participant, the suspended Registered Participant shall not be entitled to use (nominate or get remunerated) Long-Term Transmission Rights according to CHAPTER 7.
 - b. in cases of suspension in accordance with Article 71 paragraph (1)(g), the suspended Registered Participant may no longer participate in an Auction or in the transfer or return of Long-Term Transmission Rights. The suspended Registered Participant shall not be entitled to use (nominate or get remunerated) Long-Term Transmission Rights according to CHAPTER 7 and/or receive reimbursement or compensation according to Chapter 8 and Chapter 9.

For the avoidance of doubt, the Long-Term Transmission Rights which the Registered Participant is prohibited from using as a result of such suspension may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not return the remuneration for Long-Term Transmission Rights in accordance with Article 48.

- 4. The Allocation Platform may withdraw a notice under paragraphs 1 or 2 of this Article at any time. Having given a notice under paragraphs 1 or 2 of this Article, the Allocation Platform may give a further or other notice at any time in respect of the same or a different suspension event.
- 5. Once the Registered Participant has fulfilled or remedied the suspension event as notified to it in the notice sent by the Allocation Platform, the Allocation Platform shall reinstate as soon as reasonably practicable the Registered Participant's already allocated future rights in relation to Long-Term Transmission Rights and its ability to participate in Auctions and/or the transfer and return of Long-Term Transmission Rights by written notice to the Registered Participant. As from the date of effect of the reinstatement, the Long-Term Transmission Rights allocated prior to the suspension and which remain unused may be nominated in the case of Physical Transmission Rights and the Registered Participant may participate in Auctions and/or the transfer and return of Long-Term Transmission Rights and is entitled to

receive remuneration for Long-Term Transmission Rights in accordance with Article 48.

6. If the Allocation Platform gives a notice to a Registered Participant under paragraph 1 or 2 of this Article, such notice of suspension does not relieve the Registered Participant from its payment obligations under CHAPTER 10, including its payment obligations in relation to the Long-Term Transmission Rights for which the Registered Participant loses the right of use pursuant to paragraph 2. For the avoidance of doubt and only in the event of a suspension in accordance with Article 71 paragraph 1 (e), the Registered Participant is entitled to receive all or part of the amount paid of the original product. The Allocation Platform shall perform the return of the amount paid for the original product following the approval of the transfer by the Allocation Platform's banking partner(s).

Article 72

Termination of the Participation Agreement

1. A Registered Participant may at any time request the Allocation Platform to terminate the Participation Agreement to which the Registered Participant is a Party. The termination shall take effect after thirty (30) Working Days upon receipt of the termination request by the Allocation Platform and if all outstanding payment obligations are settled, which for the avoidance of doubt shall include any and all remaining instalments for the entire product period of Long-Term Transmission Rights with a product period of one (1) or more months.
2. A Registered Participant may terminate the Participation Agreement to which the Registered Participant is a Party for good cause when the Allocation Platform has committed a major breach of an obligation connected with these Allocation Rules or the Participation Agreement in the following cases:
 - a. where the Allocation Platform repeatedly fails to pay any amount properly due and owing to the Registered Participant with a significant financial impact;
 - b. where there is a significant breach of the confidentiality obligations in accordance with Article 75.

The Registered Participant shall send a notice to the Allocation Platform stating the reason for termination and giving the Allocation Platform twenty (20) Working Days to remedy the breach. Unless the Allocation Platform remedies the breach within the abovementioned deadline, the termination shall take effect immediately upon expiration of such deadline. A holder of Long-Term Transmission Rights whose Participation Agreement is terminated under this paragraph is under no obligation to pay remaining instalments for the Long-Term Transmission Rights' and is entitled to a refund to the extent that any instalment includes an amount in respect of use after the date of termination, to be calculated pro-rata from the date termination takes effect.

If any of the termination events in paragraph 4 occurs in relation to a Registered Participant, the Allocation Platform may by notice to the Registered Participant terminate the Participation Agreement, including the Registered Participant's rights connected with these Allocation Rules. A termination under this paragraph takes effect from the time of the notice or any later time specified in it. The Registered Participant may not at a later stage enter

into the Participation Agreement with the Allocation Platform as long as

- a. the circumstances of termination continue to exist; or

- e. if a competent authority (i) determines that the Registered Participant has committed a misuse or fraudulent act and (ii) requests the Allocation Platform to terminate the Participation Agreement to which such Registered Participant is a Party or (iii) agrees that the Allocation Platform has reasonable grounds to believe that the Registered Participant has committed a misuse or fraudulent act in participating in Auctions and transfer/return of Long-Term Transmission Rights;
- f. if the Registered Participant has taken any action which may lead to the damaging or reduction in effectiveness of the Auction Tool (it being understood that such an action is deemed to happen in case of any behaviour that can be assimilated to an attack on the information system such as, but not limited to, deny of service, spam, virus, brute forcing, Trojan horse attack);
- g. if the Registered Participant has been inactive in the business relationship with the Allocation Platform for more than fifteen (15) months. For the sake of clarity, the Allocation Platform shall have notified the Registered Participant ahead of the upcoming termination
- h. if the Registered Participant is an affiliate of a company suspended under these Allocation Rules; or
- i. if the Allocation Platform's banking partner(s) refuse to put at disposal of the Registered Participant a dedicated Business Account.

5. After the termination takes effect in accordance with paragraphs 1 to 3 of this Article and from that time, the Registered Participant may no longer participate in an Auction or in the transfer or return of Long-Term Transmission Rights it has acquired. CHAPTERS 5,6 and 7 shall not apply to such acquired Long-Term Transmission Rights. For the avoidance of doubt,

the Long-Term Transmission Rights, which the Registered Participant is prohibited from using as a result of termination, may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not return the remuneration for Long-Term Transmission Rights in accordance with Article 48.

6. Termination of a Participation Agreement does not affect any rights and obligations under or in connection with the Participation Agreement and these Allocation Rules which arose prior to that termination unless otherwise specified in this Article. Accordingly, any Registered Participant whose Participation Agreement is terminated will remain liable, subject to and in accordance with the Allocation Rules, in respect of all such rights and liabilities. This paragraph shall apply without prejudice to other remedies available to the Allocation Platform under these Allocation Rules.

Article 73 **Force Majeure**

1. The Allocation Platform or a Registered Participant, which invokes Force Majeure, shall promptly send to the other Party a notification describing the nature of Force Majeure and its probable duration and shall continue to furnish reports with respect thereto with reasonable frequency during the period of Force Majeure. The Party invoking the Force Majeure shall make every possible effort to limit the consequences of the Force Majeure.
2. The affected obligations, duties and rights of a Party subject to Force Majeure shall be suspended from the beginning of Force Majeure, with the exception of the confidentiality provisions in accordance with Article 75.
3. Suspension under paragraph 2 is subject to the following:
 - a. suspension will be of no greater scope and of no longer duration than is required by the Force Majeure;
 - b. the suspension applies only for so long as the Party invoking to Force Majeure is using reasonable efforts to remedy their inability to perform.
4. The consequences of a Force Majeure event, which is not subject to any discussion or litigation between the Allocation Platform and the Registered Participant, are:
 - a. the Party invoking Force Majeure cannot be held responsible to pay compensation for any damage suffered, due to the non-performance or partial performance of all or any of its obligations during the Force Majeure and when such non-performance or partial performance is due directly to Force Majeure;
 - b. the acquired Long-Term Transmission Rights which have been entirely paid and become subject to Force Majeure are reimbursed for the duration of the Force Majeure in accordance with any applicable legislation and these Allocation Rules; and
 - c. where the Long-Term Transmission Rights' holder is the Party claiming the Force Majeure event, the Allocation Platform may, for its own benefit, reallocate the

holder's Long-Term Transmission Rights to the subsequent Auctions and for the duration of the Force Majeure event.

5. If the Force Majeure continues for a period longer than six (6) months, the Allocation Platform or each Registered Participant may, by notice to the other given at any time while the Force Majeure continues beyond that period, unilaterally terminate the Participation Agreement. The termination shall take effect ten (10) Working Days after the notice is given or any later date specified in the notice. A holder of Long-Term Transmission Rights whose Participation Agreement is terminated under this paragraph is under no obligation to pay remaining instalments for the Long-Term Transmission Rights' and is entitled to a refund to the extent that any instalment includes an amount in respect of use after the date of termination, to be calculated pro-rata from the date termination takes effect.
