

# **Annex 7**

## **Border specific annex for Greece – North Macedonia to the Rules for Explicit Daily Capacity Allocation on Bidding Zone border serviced by JAO**

### **TITLE 1**

#### **General provisions**

#### **Article 1**

##### **Subject matter and scope**

1. In accordance with Article 4 of the Rules for Explicit Daily Capacity Allocation on Bidding Zone border serviced by JAO (hereinafter Allocation Rules), border specificities may be introduced for individual Bidding Zone border. Allocation Rules and rules described in this border specific Annex apply to the Greece – North Macedonia Bidding Zone border.
2. This Annex may be reviewed based on request of the relevant National Regulatory Authorities (hereinafter NRAs). The Allocation Rules and this Annex may be amended subject to the prior approval of the relevant NRAs and in accordance with the national regulatory regimes and Article 55 of the Allocation Rules.
3. If there is an inconsistency between any of the provisions in the main body of the Allocation Rules and this Annex, the provisions in this Annex shall prevail. The capitalised terms used in this Annex are defined in the Allocation Rules to which this Annex is attached.
4. In the event Transmission System Operators (TSOs) introduce market coupling as the Capacity Allocation method on the Greece – North Macedonia Bidding Zone border, such border shall be excluded from the Auctions regulated by these Allocation Rules and this Annex as of the implementation of the respective market coupling arrangement. This change may be implemented by decision of the concerned TSOs only, without requiring an amendment to these Allocation Rules or this Annex, and shall become effective upon approval by the respective NRAs.

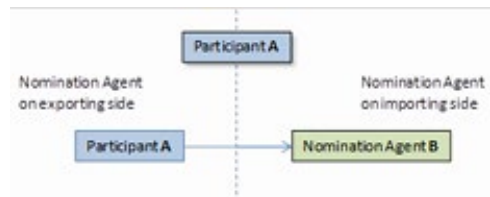

**TITLE 2**  
**Further bidding zone border specific requirements**

**Article 2**  
**Auction Specification**

1. This article complements Article 28 of the Allocation Rules.
2. The Allocation Platform shall publish the Auction Specifications for the Greece – North Macedonia border no later than 9:12 CET in D-1.
3. The Bidding Period, in case of regular operational conditions, starts at 09:12 CET in D-1 and ends at 09:42 CET in D-1 for the Greece – North Macedonia border. If publication of Auction Specification is later than 9:12 CET in D-1 than the Bidding Period starts after the publication of the Auction Specification.

**Article 3**  
**Nomination principle, agreements and deadlines**

1. This article complements Article 36 of the Allocation Rules.
2. The following agreements are required for the Registered Participant for the Greece – North Macedonia Bidding Zone Border to nominate the allocated daily transmission rights:
  - (a) with MEPSO: a contract related to conditions and methods for participation in Electricity Market with MEPSOand
  - (b) with IPTO: a Balance Responsible Party Agreement with IPTO.
3. For the Bidding Zone border Greece – North Macedonia the following nomination principle applies:

| Type of nomination | Principle                                                                                      | Diagram                                                                              |
|--------------------|------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| A to B             | The Participant A may appoint one legal entity B as eligible person on the importing TSO side. |  |

4. For the Bidding Zone border Greece – North Macedonia the following deadlines apply:
  - (a) Daily nomination deadline: D-1 14:00 CET
  - (b) Day-Ahead Firmness Deadline: D-1 9:45 CET

#### **Article 4**

#### **Non-application of provisions on reservation of Physical Transmission Rights for balancing services**

1. Article 38 of the Allocation Rules, and any other provisions of the Allocation Rules referring to reservation of Physical Transmission Rights for balancing services, shall not apply to the Greece – North Macedonia Bidding Zone border.
2. Accordingly, no Physical Transmission Rights shall be reserved for balancing services on the Greece – North Macedonia Bidding Zone border.

#### **Article 5**

#### **Fallback procedures for Auction**

1. This article complements Article 41 of the Allocation Rules.
2. In case of postponement of the Auction or organisation of a new Auction for the same Product Period, the Auction results should be published no later than 10:25 CET on D-1.
3. If the fallback procedure described in paragraph 1 and 2 of Article 41 of the Allocation Rules cannot be implemented for the same Product Period, the respective Cross Zonal Capacities shall not be offered for the specific delivery day.

#### **Article 6**

#### **Effective date and application**

This border specific Annex, together with the Allocation Rules to which it is attached, shall enter into force in accordance with Article 5 of the Allocation Rules, following approval by the relevant NRAs. Notwithstanding the application date set out in Article 5(2) of the Allocation Rules, the Allocation Rules and this border specific Annex shall be applied for the purpose of Daily Capacity Allocation on the Greece – North Macedonia Bidding Zone border for delivery period starting from 1<sup>st</sup> January 2027 onwards.
